Experiences that can be added

Cheese & Chocolate

The Gruyère region, with its rolling green landscape and the peaks of the Fribourg Pre-Alps, is home to the world-famous Gruyère cheese. The picture-book little medieval town of Gruyères is perched atop a small hill.

And to round off the tour of culinary delights: for those with a sweet tooth it would be worth taking a guided tour round the Maison Cailler The Swiss Chocolate factory in nearby Broc.

Wine & salt Experience

Lake Geneva nestles between the Savoy region and canton of Vaud like a giant croissant. The hillsides on the Swiss side are not only exceptionally beautiful and sun-drenched but are also perfect locations for vineyards. This day begins in the heart of the Salt Mountain. White gold has been mined there since 1684. After this unique experience, discover the beauty of the vineyards of Villeneuve, at the eastern end of the lake, and of Chablais, which stretches to Bex, passing through Yvorne and Aigle. A region known for its fresh and fruity white wines of the Chasselas grape variety.

Experiences that can be added

Experience Sion

Discover the exceptional mosaic of the different grapes cultivated in Switzerland's most important wine-making region. Known for the elegance of its grands crus, Valais also plays host to the highest vineyard in Europe. Bathed in the sun and blessed by the pure waters of the Alps, this little corner of paradise gives birth to unique wines, making it an unforgettable destination for wine tourists

The brim of the deer

Every year, the deer call is a period eagerly awaited by deer and nature enthusiasts. Listening to and observing deer during their rutting periods is a unique experience. Every year during the breeding season, the Valais forest resounds to the rhythms of the deer's bellow. This is the period that made the deer's reputation, the period when you can hear the famous "brâme". It resonates throughout the valley from late September to early October. A unique moment at dusk and in the heart of nature accompanied by a picnic of the land
